

HORROR IN HAITI

WHAT SHOULD BE THE CHRISTIAN RESPONSE?

1. Rebuild a Prayer & Intercessory canopy over the island of Haiti.
 - a. To break the dependency on witchcraft and voodooism and all forms of spiritual wickedness as the answer to their problems.
 - b. To pray that people will put their trust in God who is able to deliver, provide and sustain them in every situation – dependency on God.
 - c. To break the cycle of poverty that was passed on from generation to generation.
2. To pray for all the aid organizations and the volunteers giving assistance. That God would strengthen them as they serve in this capacity.
3. Pray for all the church leaders that they will receive the insight and revelation from God as to the way forward. That God would give them the wisdom, boldness and strength in this hour of need even as they deal with their own grief, loss and pain.
4. Also pray that eth relief aid (food, medicine,, clothing, money, etc.) would be channeled in the right places so that fair and proper distribution can be made.
5. Pray for Hope in the midst of a crisis of unprecedented proportion – nothing of this magnitude ever took place in the Caribbean before.
6. Let us give generously to this very important cause, to help our brethren in Haiti. Money, food, medicine, water, clothes will be top of the list. Give through a well coordinated legitimate channel to ensure fair and proper distribution.
7. Pray for wisdom for those who have to make decisions to move the country forward especially in the clearing of the rubble, burial of the dead, reconstruction of houses, roads, hospitals, schools. Also the water and electricity restoration.
8. Pray against the spirit of violence, looting, lawlessness and crime in the aftermath of this terrible disaster. For law and order to be maintained.
